

Nico-I-Peel *Large Caliber*[®]

The Cellulose Casing

made from renewable, eco-friendly raw materials.

Applications

- Raw and cooked sausage products such as spreadable raw sausage, bologna-style sausage, or salami
- Vegan and vegetarian spreads
- Pâtés, cooked minced-meat sausage, and delicatessen products
- Products with cut-surface presentation at service counters or in self-service areas

Product Advantages

- Excellent filling properties
- Absolute taste neutrality
- Maximum smoke permeability
- Outstanding filling strength
- Excellent caliber consistency
- Easy peelability
- Individual printing
- Environmentally friendly – made from renewable raw materials

Technical Features

- Caliber range: 36 – 76 mm
- Smooth or lightly textured surface
- Available in colored, transparent, smoked, or customized
- Temperature-resistant for cooking and boiling processes
- Ready-to-use shirred casing
- No soaking required

No soaking
Ready to fill

Delivery options

- Express delivery: within 24 hours directly from the logistics center in Geldern
- Wide range of large calibers in various stick lengths
- Custom-made products available on request
